MAYSVILLE WATER
CO. HOPES TO PUT
PLANT IN GOOD SHAPE

Mr. Thomas Pearce, of the Maysville Water Company, here making preparation for putting plant in good working condition immediately.

Mr. Thomas Pearce, member of the Board of Directors of the Maysville Water Company, who succeeded his late father, Col. Chas. D. Pearce, on that board, came to Maysville from his home in Louisville this week and has been quite busy looking into the water situation in Maysville for a few days.

Mr. Pearce today stated that the Water Company was doing all within their power to get everything at their pumping station in first class working condition just as soon as possible and that now the worst situation seems past as the company now has water in the reservoir and the station is pumping regularly.

The situation the plan was discovered in last week is due no doubt, to inefficient employees in the past, Mr. Pearce said and that has now been relieved in that the most efficient men obtainable in the state of Kentucky are in charge of the plant. Mr. Pearce also left the impression that the Water Company contemplated extensive improvements at the plant and the most expert men in the country will be employed to make the necessary changes and improvements which will insure Maysville plenty of good water at all times.

The citizens of Maysville are more than glad to hear this and will wait eagerly for the contemplated improvements.

MOWER PARK CAMPMEETING
OPENED THURSDAY

The annual campmeeting at Mower Park in Lewis county, opened Thursday and will continue through three Sundays. There are many in attendance at this popular camp this year and the best programs ever yet offered are planned for the last two Sundays of the meeting. The campmeeting is being managed this year by Rev. W. H. Morris, pastor of the Forest Avenue M. E. Church, or this city.

WINDOW BROKEN BY STONE
FLUNG BY AUTOMOBILE

One of the large plate glass windows at the Nelson hat store was broken Friday by small stone flung from the brick street against it by a passing automobile.

If You Need Glasses

To read wouldn't it be more efficient to wear them all the time? Every time you put them on and take them off you are wasting time. Let us tell you about our bi-focal lenses which enable you to see near and far with the same pair of glasses.

M. F. Williams Drug Company
THIRD STREET DRUG STORE

TUNES--TIRES

Tires, they are, and tires they be,
Tires for you to come and see,
Seeing you'll buy, it's the tube that counts
You'll get it for nothing, thought the price still mounts.

Maybe you don't like our tune, but then, even at that, we think we are an improvement over the epitaph in the old English church-yard:

"Here lies the body of Thomas Woodhen,
The kindest of husbands and the best of men."

Directly beneath is this explanation:
"His name was Woodcock, but it wouldn't come in rhyme."

But, the fact remains, we have rubber tires to sell. In order to make the fact sink into your brain—double quick—we offered to five of you, FREE, with each and every tire, an inner tube. Are you on?

Yours, in a singing mood,

MIKE BROWN

The Square Deal Man
of Square Deal Square.

CHAUTAUQUA TICKETS
DELIVERED TO MANY

Maysville Settlement Club Members Deliver Chautauqua Tickets Pledged at Last Year's Meeting—Selling Campaign to Begin Soon.

Members of the Maysville Settlement Club have been quite busy this week delivering to the Maysville people who pledged for season tickets last year, the tickets which will admit them to all of the programs of the 1918 Chautauqua which begins at Beechwood Park on Monday, August 18.

Folks should not get the Maysville Chautauqua, such as we have always had each year, confused with the Free Farmers' Chautauqua which begins at the same place next Monday.

Never has a better program been offered the people of Maysville than is being offered by the Colt-Alber Chautauqua Bureau this season and there is a great demand for season tickets at the greatly reduced price. The young ladies of the Settlement Club are having much success in the delivery of the pledged tickets and only a few have failed to take the tickets for which they subscribed. There are, however, a number of people who signed pledge cards last year who have moved from the city.

On next Monday evening there will be another meeting of the Chautauqua Committee at the Chamber of Commerce when the campaign for the selling of season tickets will be launched and it is expected that there will be many sold before the meeting is opened.

HOME GROWN MELONS
NOW ON THE MARKET

Quite a number of home grown melons are making their appearance on the local market just now being brought down the river in skiffs. The prices are still very high although there is some small decline in prices noted. Melons are not so plentiful this season as last it is understood but during the next two weeks many are expected to be offered on the curbsides and a steady decline in prices is expected.

EX-COUNTY JUDGE OF
LEWIS COUNTY DIES HERE

J. D. Neal, former prominent Lewis county attorney and at one time County Judge of that county, died at his home in Short street at about 4 o'clock Saturday morning following a long illness. Mr. Neal and family have lived in Maysville for about two years and during the most of that time he has been confined to his home on account of illness. He is survived by his wife and six children.

Dr. W. A. Ganfield, president of Cent. College, and one of the best orators in the South, will speak on "Religion and Life," a subject that will interest all and everyone who has ever heard Dr. Ganfield will want to hear him this time.

C. W. Mathews, expert on gardens and orchards, will speak on Cutting the Cost of Living and will tell many things of interest to gardeners in Mason county.

Dr. J. D. Healy, microbe expert, will tell something of fighting hog cholera and other diseases and he should be heard by every live stock man in this whole section of country.

One of the most interesting speakers on the program will be Dr. S. E. Brewster, of Cleveland, Ohio, who has been associated with the American Red Cross for nine months during the war. Dr. Brewster was official investigator of tropical fevers for Johns Hopkins University and should be a man well qualified to talk on the Red Cross and relief among the soldiers and sailors.

M. D. Ross, Assistant State Road Engineer, will bring a message on Good Roads that all should be certain to take advantage of hearing and the Kentucky University Quartet will furnish sweet music.

Besides all this there will be moving pictures each day and it's all absolutely free to everyone.

LOCAL CHURCH ASKS FOR
RETURN OF PASTOR

The fourth quarterly conference was held at the Forest Avenue M. E. Church this week and in preparing for the annual conference, the membership unanimously asked for the return here for another year of Rev. W. H. Morris, present pastor. Rev. Morris has made a most excellent pastor and the old Forest Avenue church has taken on new life under his management and has accomplished much during the past year.

A COMPLIMENT
GREATLY APPRECIATED

The Public Leger has just received the following compliment which is greatly appreciated as it comes from one of our oldest subscribers, Mr. A. January Grundy, of Lebanon, Ky.: "I enclose check for renewal subscription to your excellent paper to July 16, 1920. I prefer it to all my periodicals. It gives me the occurrent news in dear old Mayville."

Mrs. T. P. Johns, of Lexington, who has been visiting her sister, Mrs. E. P. Lee, last Friday with friends for Atlantic City.

Miss Hazel Reed, of Market street, is visiting the family of her uncle, Mr. William Adams, of Newport.

FREE FARMERS' MEET
OPENS HERE ON NEXT
MONDAY FOR 3 DAYS

Best Talent in State Will Be On Three Days Program to Be Given at Beechwood Beginning on Monday—All Programs Are Absolutely Free.

Everything is ready for the big free Farmers' Chautauqua to be given at Beechwood park Monday, Tuesday and Wednesday of next week as one of a series of such meetings being held in all parts of the state under the supervision of the Kentucky State Bauers' Association and the Louisville Board of Trade.

Some of the best talent in the State of Kentucky is on the program and the best thing about the whole affair is that all programs are absolutely free to the public. Especially the farmers and those interested in farming are urged to attend both programs each day during the three days' meeting. It will be well worth their time.

Among the prominent speakers will be Geoffrey Morgan, head of the Agriculture work in the state of Kentucky who will bring a most interesting message in his most interesting way.

W. S. Anderson, of the College of Agriculture, who is on the program, is a live stock enthusiast of the most pronounced type. He always has things which the farmer, the breeder and the dairy man can take home with them.

Dr. I. N. Wittenberg, of the State Board of Health, speaking on the subject, "Health is Wealth," will tell his audience something about health and all men, women and children interested are sure to be interested in his talk.

Dr. Fred Mutchler, late head of the Extension Division of the College of Agriculture will deliver an evening talk on "Getting Together" and no question needs more discussion among farmers than co-operation.

Prof. V. O. Gilbert, State Superintendent of Public Instruction, has agreed to talk on "Better Schools" and of course, Mason county people will be anxious to hear the head of our state educational system.

Dr. W. A. Ganfield, president of Cent. College, and one of the best orators in the South, will speak on "Religion and Life," a subject that will interest all and everyone who has ever heard Dr. Ganfield will want to hear him this time.

C. W. Mathews, expert on gardens and orchards, will speak on Cutting the Cost of Living and will tell many things of interest to gardeners in Mason county.

Dr. J. D. Healy, microbe expert, will tell something of fighting hog cholera and other diseases and he should be heard by every live stock man in this whole section of country.

Miss Hazel Reed, of Market street, is visiting the family of her uncle, Mr. William Adams, of Newport.

COMMON SCHOOL GRADUATES
MAY GRADUATE AT HOME

Instead of Holding Graduation Exercises For all Graduates in Mayville Each County School May Hold Their Own Exercises.

The plan of graduating the students of the various county common schools may be somewhat changed this season from the plan followed out in past years by Superintendent Turnipseed and the County Board of Education.

Several of the schools have requested the County Superintendent that they be permitted to hold their own graduating exercises and they plan very interesting programs. When the programs are held at the schools from which the graduates are leaving to take up a high school course, it is pointed out, that there is considerable more interest shown, while when the graduation is held in Mayville only a few people from the communities attend.

Action on this matter has not yet been taken but it is more than likely that the Board of Education will change the plan to meet with the wishes of the patrons of the various schools.

ENFORCEMENT OF AUTO
LAW CONTINUES

Chief of Police Harry A. Ort and his patrolmen are continuing the enforcement of the state and city laws governing automobiles and especially that section regarding the proper lighting of machines. Drivers of machines are now becoming more careful and where a month ago about 6 of every 10 cars on the street at night failed to have some light burning, now most every car is properly lighted and the owners of those not properly lighted find themselves brought into police court.

AUTO BREAK DOWN

Mr. George Royston, well known local insurance man, driving home from the Ripley Fair Friday afternoon met with an accident when the steering gear of his automobile became unmanageable. Luckily, however, the accident was not a serious one and neither the car or its occupants were injured. The machine was left along the roadside and will be repaired and driven up today.

BAND CONCERT AT BEECHWOOD
PARK SUNDAY AFTERNOON

The regular Sunday afternoon band concert will be given at Beechwood Park at 4 o'clock this Sunday and it is expected that there will be a large crowd at the park. As soon as it becomes generally known that this concert will be given each Sunday, it is certain that there will be large audiences each week.

"Why I Put Up With Rats for Years"
Written by N. Windsor, Farmer.

"Years ago I bought some rat poison, which nearly killed my fine watch dog. It so scared us that we suffered a long time with rats until my neighbor told me about RAT-SNAP. That's the sure rat killer and safe one." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by J. Jas. Wood & Son, Mike Brown, M. C. Russell Co.

UNION MEETING AT
PRESBYTERIAN CHURCH

The weekly union church services will be held Sunday evening at the First Presbyterian church and the sermon will be by Rev. W. S. Campbell, pastor of the First M. E. Church, South.

STRIKE SITUATION
LOOKS BRIGHTER
FOR SOLUTION

Shopmen May Vote at Any Time to Return to Work and Trains May Be Restored on Main Line of C. & O. Tonight or Sunday.

The strike situation which is causing much interference with business in Maysville and all other cities along the main line of the C. & O. looks more promising for immediate relief this afternoon than at any time since the first striking shopmen left the yards at Silver Grove and the shops in Covington.

Although Saturday afternoon and Thursday of next week will be given a trip to the State Fair will be given to the coldest children of the precincts. Miss Casey will be in the two Mayslick precincts to examine free of charge all children under sixteen years of age in three of the county precincts. Miss Casey reports that thus far she has found that the parents are lending hearty co-operation to this great work and she is very much pleased at the prospects for the entire county.

GOOD FOR SOMETHING ELSE, TOO

A long and interesting chapter could be written about the war work of newspaper men in departments not essentially journalistic, but it is doubtful if any other journal is made a contribution more remote from his vocation than W. E. Hoke, writer of "specials," who became a major in the United States Army by virtue of his ability to measure things in terms of one-millionth of an inch.

War interrupted the importation of precision gauges from Sweden, where the process of making them was a secret, at a time when the American manufacture of war munitions increased the demand for them. What has been called the "most accurate machine in the world" was needed, and Mr. Hoke evolved it in his small home workshop, submitted his new gauge to the experts of the United States Bureau of Standards, and had it accepted.

Accurately measuring one-millionth of an inch, Major Hoke's "bit," might be called the smallest and at the same time one of the largest individual contributions toward "winning the war."—Christian Science Monitor.

The post of British Ambassador to America presents a fine opening for a lively and energetic young diplomat.—Washington Star.

To Save and to Have

Suppose you save 25 cents a day. That does not mean much to the average man. You won't miss it. Yet that 25¢ a day in ten years grows to nearly a thousand dollars. And the interest, which we pay you for saving your money, brings the total to over eleven hundred dollars. Think of what this means to you. Most of all it means that you will have formed the saving habit and will never be one of the nine men out of every ten who pass their last years penniless—in the poorhouse or dependent on others.

COME AND TALK IT OVER WITH US.

STATE NATIONAL BANK

THE ONLY NATIONAL BANK IN THE COUNTY.

A NEW SWEET PICKLE

One of the voluntary deprivations of war times was the delicious sweet pickle. Its manufacture called for far more sugar than could be afforded when we were all trying to keep well within them for a season or two. Each housewife has her own particular brand, but there is one favorite of French housekeepers that is not as well known as it deserves to be. It is made of the tiny string beans when it is not more than an inch, or less, in length. Try it, the method is simple. Wash and cut off the ends of the beans. Have ready an enameled ware preserving kettle (which is perfectly safe from the action of acid) containing one pint of vinegar to a quart of the beans. Let the vinegar come to a boil and skin off the scum. Add the beans and sugar in the proportion of a pound to a pint of vinegar, and such spices as may be preferred. Cloves, stick-cinnamon and allspice are generally used. Let all come to a good boil together. Set one side, skin again. Then boil once more and put in the jars at once. The beans should retain their bright green color and thus be ornamental as well as palatable and this can be easily attained by using only enameled ware utensils in the preparation, which will not darken the most delicate colors.

WAR BROUGHT CHANGE

The housekeeper of today is a very different person from what she was a few years ago. The war has forced her to change her ideas of many things and has also made her co-operate in war work. She learned to do team work in sewing or rolling bandages; she learned that her family could eat and be satisfied with food which, in the days of peace, it would not even consider. She is open-minded, and, therefore, ready to have Home-making, Drying, Canning, or any other topic discussed.

Misa Dora Sonnenday, of the Exten-

TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make that statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney pills is looking for.

Henry S. Gallenstein, blacksmith, 24 W. Third St., Maysville, says: "My kidney were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pain and my kidneys became well." (Statement given January 9, 1912.)

RESULTS THAT REMAIN

Over four years later, or on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since last recommended Doan's Kidney Pills. The benefit they gave me has been permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gallenstein had. Foster-Milburn Co., Mifflin, Buffalo, N. Y.

An exceptional feature is heralded in a show called "Chinatown." Unlike the average "Imperial" pretense at Orléans, this offering is said to faithfully duplicate the dark, mysterious underground world which was once San Francisco's Chinatown before the great earthquake wiped this cosmopolitan of sin from the earth.

Good, rousing excitement will be offered in the Polack Brothers' Big Indoor Circus, with its rough-riding, animal acts and gun-play, as well as in the Hager motorcycle and automobile racing features which will be

an exceptional feature.

But the attention and interest of the crowds will undoubtedly center on the mammoth captive balloons in which passengers may daily soar cloudward and thereby gather some idea in advance of the method of travel predicted as a common carrier in the near future.

BAND CONCERT AT BEECHWOOD PARK

Tomorrow Afternoon at 4 P. M. Everybody Welcome.

CROP CONDITIONS IN KENTUCKY IS REPORTED BAD

Kentucky Crops Are Badly Needing Rain, State Crop Reports Show.

The monthly crop report for the State of Kentucky as of August first just issued by State Commissioner Mat. S Cohen follows:

The very early wet weather in the spring retarding planting of corn and other crops, followed by weeks of extremely dry weather, has made a very unfavorable season for the farmers.

Early corn has suffered much damage, especially on the uplands, as have gardens and pastures also. Rain in many localities have brought relief, and will aid all crops.

Wheat did not come up to expectations. The States average is given at 11 bushels per acre, running in various sections from 9 bushels to 14 bushels as sectional average. This is 3.19 bushels less than last month's estimate. In some localities it is reported as threshing out exceptionally light.

This average is one bushel per acre less than last year.

On a preliminary estimate, rye is averaging a yield of 11 bushels per acre; while oats is averaging 20 bushels per acre, which is 2½ bushels per acre less than last year's estimate.

The outlook for the corn crop is for a short one, owing to the excessive hot dry weather. Corn on the lowlands has not suffered to the extent that corn on the ridges has. The western and northwestern part of the State shows the greatest damage from drought.

Great stress is laid upon the need of copious rains during this month, in order to bring crops up to anything like normal.

Corn acreage shows at 91 per cent., while condition is given at 74 per cent. This is 20 per cent. lower in condition than has been given for several years, and would indicate an exceptionally short crop of corn.

Burley tobacco shows an acreage of 93 per cent., while condition is given at 81 per cent., which is a slight improvement over last month's condition.

Dark tobacco acreage is given at 91 per cent., and condition 75 per cent., indicating the hardship the drought has worked upon this crop.

A very uneven stand of tobacco is reported.

Condition of hay is 92 per cent., with an estimated yield of 1.5 tons per acre. Some hay was lost owing to the excessive prices demanded for farm labor and shortage of help during the time of harvest.

Condition of alfalfa is given at 84 per cent., and it is estimated the yield of second cutting will average one ton per acre.

Broom corn acreage is 82 per cent., and condition is 80 per cent.

Sorghum is almost a failure.

Condition of fruits is given at 56 per cent., while melons show at 69.

Condition of potatoes show at 72 per cent., and the estimated acreage of the second crop is 74 per cent., which is but a slight increase on the second crop over last year.

Sweet potato acreage shows at 89 per cent., with condition at 85.

Garden conditions are given at 74 per cent.

Livestock is reported in fairly good condition, with the exception of scarcity of stock water in some sections.

Pastures show a condition of 80 per cent.

Taken as a whole, the report would indicate that without continued rain this month crop conditions are exceptionally low.

It is to be hoped that with seasonable weather for the next few weeks the outcome in crop conditions will be improved over the indications as of August 1.

MAT. S. COHEN, Commissioner of Agriculture.

Your Red Cross Is Still Busy

READ WHAT YOUR DOLLAR IS DOING

THE best dollar any community can spend is the dollar it invests in conservation of community life and health. It yields biggest returns. The finest advertising asset which a community can have is a low sickness and death rate.

The community nurse is a form of insurance which no community can afford to be without. The community nurse cares for the sick, protects the well and teaches the principles of good health to all. She is the "lookout on the Mountain," giving the first warning of the approach of the enemy, disease.

Through its endless chain of chapters, 375 of them in Ohio, Indiana and Kentucky alone, the organization is to help to promote the establishment of rural and community nursing.

If you live in the country or a small town and you wish to know how to organize, how to raise funds, how to carry on your work, where to get a nurse, what she will do, write to the director of the Red Cross Bureau of Public Health Nursing in the Lake Division, Cleveland, Ohio.

A Red Cross nurse in every community is the ultimate aim. Just now the depleted ranks of the nurses provide too small a personnel to make the immediate realization of the plan possible.

The American Red Cross is urging every nurse to enroll for peace-time service. With eye to future needs, the Red Cross is also urging the young women of the country who are just graduating from schools and colleges to enter the nursing profession.

Consider the Red Cross conclusion—

Twelve million school days are lost to measles every year.

Nine labor days are lost through sickness by the average working man every year.

Every fifteen seconds a human being is injured; every fifteen minutes one is killed.

Two and a half million soldiers were rejected in the first draft.

The death rate over 40 is rising.

Therefore march with the Red Cross in the advance against disease.

Do your share for the health of the world.

CURES FLU WITH RED CROSS TEXT BOOK

THE story of one woman in the Lake Division is typical of many who are thoroughly convinced of the value of Red Cross courses in Home Hygiene and Care of the Sick.

In a small Ohio town during the flu epidemic a sufficient number of nurses was not available. In this woman's family her husband and two children were ill.

Two and a half million soldiers were rejected in the first draft.

The death rate over 40 is rising.

Therefore march with the Red Cross in the advance against disease.

Do your share for the health of the world.

THIRTY-NINE STEAD.

any chance of giving them professional care."

She read it, did as the book directed, and pulled the family through the disease.

Such experience as this woman has had brings a realization of the importance of this training for every woman. In times of epidemic or disaster lives may be saved by the knowledge of simple rules and methods such as the Red Cross supply.

Plans are being made throughout the Lake Division to extend the number of these Red Cross teaching centers. Each chapter is being urged to obtain instructors for these courses and establish classes in their district.

Have you enrolled at your chapter teaching center?

BUREAU OF NURSING OUTLINES QUALIFICATIONS FOR PUBLIC HEALTH NURSES AND INSTRUCTORS.

BECAUSE of the confusion arising in regard to the qualifications of Red Cross nurses in public health service, the Division Bureau of Nursing announces the regulations for that service.

In order to be appointed to this work a nurse must be enrolled for active service in the Red Cross; must be registered in the state; must have had at least eight months' experience in supervised public health work, or have taken a course in public health nursing. She may be recommended by a chapter but all nursing appointments are made by the Bureau of Nursing of the Lake Division. The nurse is urged to apply for work in the community in which she lives because knowledge of local conditions is valuable.

This part of the Red Cross peace-time service to humanity is purposely restricted to rural districts or to towns having a population of about thirty thousand where the need is greatest. It is conducted by the Bureau of Public Health nursing which is a bureau of the Department of Nursing of the organization which sent overseas 24,000 nurses to help win the war and now launches a nation-wide fight against preventable disease.

Consider the Red Cross conclusion—

Twelve million school days are lost to measles every year.

Nine labor days are lost through sickness by the average working man every year.

Every fifteen seconds a human being is injured; every fifteen minutes one is killed.

Two and a half million soldiers were rejected in the first draft.

The death rate over 40 is rising.

Therefore march with the Red Cross in the advance against disease.

Do your share for the health of the world.

FAST AMERICANS

Washington, August 9—With each succeeding day's debate over the League of Nations covenant there comes a more general realization that the cause of Americanism was saved on March 4, 1919, by the 39 Senators who at that time joined in signing a "round robin" declaration of their opposition to surrender of American sovereignty. The patriotism and the intellectual independence demonstrated by those men, together with the fact that they were bound by a mutual agreement, has prevented the gradual breaking up of the forces representing Americanism as against Internationalism. The 39 Senators who saved the day for American nationalism are, in the order their names appear in the Record: Lodge, of Massachusetts, Knox of Pennsylvania, Sherman of Illinois, New of Indiana, Moses of New Hampshire, Wadsworth of New York, Fernald of Maine, Cummins of Iowa, Warren of Wyoming, Watson of Indiana, Sterling of South Dakota, Frelinghuysen of New Jersey, Smoot of Utah, Gronna of North Dakota, Brandegee, of Connecticut, Calder of New York, Keyes of New Hampshire, Penrose of Pennsylvania, Page of Vermont, McLean of Connecticut, France of Maryland, McCormick of Illinois, Curts of Arkansas, Phillips of Colorado, Spencer of Missouri, Johnson of California, Townsend of Michigan, Dillingham of Vermont, Lenroot of Wisconsin, Poinsett of Washington, Sutherland of West Virginia, Newberry of Michigan, Ball of Delaware, Fall of New Mexico, and Elkins of West Virginia.

No Signs of Wavering

When the Democrats failed to make any headway with their cry of "reactionaries", they resorted to the expedient of representing that the ranks of the defenders of American nationalism were broken by secession. Every time any man indicated a desire that the covenant be amended, he was classed as a deserter from the group that proposed to stand solid for maintenance of American independence, and for preservation of the constitutional right of Congress to raise armies, declare war, impose import duties, and regulate immigration. Almost every time ex-President Taft gave out a statement in behalf of the League, it was seized upon by the Democrats and either placed in the Congressional Record or promulgated as league propaganda. But even these tactics did not avert one of the 39 Senators from the firm determination not to make the "supreme sacrifice" which the President had demanded "at what-

ever cost of independence". The 39 are still standing for undiluted Americanism.

"Rat-Snap Heals the Best Trap Ever Made," Mrs. Emily Shaw Says.

"My husband bought \$2 trap. I bought a 50¢ box of RAT-SNAP. The trap only caught 3 rats but RAT-SNAP killed 12 in a week. I've never without RAT-SNAP. Reckon I couldn't raise chicks without it." RAT-SNAP comes in cakes. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by J. Jas. Wood & Son, Mike Brown, M. C. Russell Co.

Buy in Maysville. It pays.

TERIBLE SORES

No Matter How Chronic, J. Jas. Wood & Son Guarantees San Cura Ointment to Give Relief and Often Permanent Cure.

"My daughter was troubled for over a year with a fever sore on her leg, and was helpless in bed for three months. To the great surprise of all, including the four doctors who had attended her, San Cura Ointment healed the great sore in less than six weeks."—J. D. Hood, Townsville, Pa.

Karl C. Banks, of the Atlantic Refining Co., of Pittsburgh, had a sore on his ankle for a year. He doctored, and tried various remedies without relief. He says: "San Cura Ointment worked like a charm; reduced the swelling and healed the sore in two weeks."

Bear in mind, that besides sores San Cura Ointment is need with great success in eczema, boils, carbuncles, ear rheum, tetter, also itching, bleeding and protruding piles. In cases of burns, scalds, cuts and bruises, San Cura is most valuable. The price is only 30c, 60c and \$1.20 a jar, and J. Jas. Wood & Son guarantees it.

COMPLEXION SOAP

If you want a lovely complexion, with soft, velvety skin, free from pimples and blackheads, use San Cura Soap, the great antiseptic and skin purifier. 25 cents a cake at J. Jas. Wood & Son.

If you can't get it at your druggist send to the Thompson Medical Co., Titusville, Pa.

MUST SEEK RELIEF

IN CIVIL COURTS

Mrs. Frank Wood was before Squire Fred W. Bauer and a jury this afternoon on a charge of harboring a vicious dog and permitting same to run at large. When the case was called, it was learned that the case as it developed, could not be tried in criminal court and only civil courts could give relief. It was at first reported that the dog had bitten three persons but it developed that only one small boy complained.

MEETING HELD IN INTEREST
OF FARM LOAN ASSOCIATION

Quite a number of Mason county farmers met at the Chamber of Commerce Saturday afternoon with Mr. W. C. Coryell, of Marion, Ind., to discuss the organization in Mason county of a Federal Farm Loan Association thru which farmers might obtain farm loans at low rates of interest for a long period. Interest seemed high and such an organization will more than likely be perfected.

SUIT TO SELL MIN-
ERVA PROPERTY

Mrs. Edith Henry as guardian of Bruce Frances Henry, an infant under 14 years of age, filed suit in the Mason Circuit Court this afternoon against Bruce Frances Henry in which the sale of certain property in the town of Minerva is sought. The petition asks that the court sell the Minerva property and re-invest it for the minor heir.

FELL OUT OF BED:
BROKE COLLAR-BONE

Shortly after Mr. and Mrs. Helm Woodward and their bright little son, Robert, returned to their home in Covington after a visit to Mrs. Sallie Woodward, Robert fell from the bed in which he was sleeping and fractured his collar-bone. The extent of his injury was not fully known until the day following the mishap, but prompt medical attention is bringing him around all right.—Mt. Olivet Tribune-Democrat.

Dr. G. L. Howard has returned from a vacation of several weeks spent in Virginia.

Why People Buy Rat-Snap in Preference to Rat Poison.

(1) RAT-SNAP absolutely kills rats and mice. (2) What it doesn't kill it scares away. (3) Rats killed with RAT-SNAP leave no smell, they dry up inside. (4) Made in cakes, no mixing with other food. (5) Cats or dogs won't touch it. Three sizes, 25c, 50c, \$1.00 Sold and guaranteed by J. Jas. Wood & Son, Mike Brown, M. C. Russell Co.

GOVERNMENT WILL SEIZE HOARDED FOODS

Stocks of Food to Be Taken Over By
U. S. and Placed on Open
Markets.

Washington, August 9.—Hoarded food stocks will be taken over by the government and placed upon the market to help re-establish the operation of the law of supply and demand, the Department of Justice made known today.

Preparations for this work now are well under way as part of the country-wide campaign against profiteers.

Palmer today hourly was expecting news of arrests from district attorneys who have been flooding him with telegrams concerning evidence they are collecting.

Several government departments are understood to be working together in checking up store of hoarded food. The belief exists here that it will not be difficult to get these supplies on the market, as after the Department of legal process, has opened a number of warehouses, with full publicity, owners of other hoards probably will hasten to sell to avoid prosecution and exposure.

While evidence is being put in shape

for presentation to the Chicago federal grand jury in support of the charge that big packers have violated anti-trust laws, government experts are "preparing cases" to be submitted to the other grand juries. The result is expected to be institution of a number of actions in various parts of the country.

Mr. Vaughan, Farmer, Tells How He
Lost All His Prize Seed Corn.

"Sometime ago sent away for some pedigree seed corn. Put it in a gunny sack and hung it on a rope suspended from roof. Rats got it all—how beats me, but they did because I got 5 dead whoppers in the morning after trying RAT-SNAP." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by J. Jas. Wood & Son, Mike Brown, M. C. Russell Co.

HISTORICAL FACTS AND SPIRITUAL VALUE OF OLD RUGGLES

Publicity Man of Ruggles Camp
Grounds Answers Letter of Old
Timer Telling Actual Value
of the Camp.

We have been much interested in the letter from A. T. Seaman of Norman, Oklahoma, which appeared in your columns last week. Having been almost a constant attendant at Ruggles Campmeeting since the year 1892, and having been historian of the Association for several years coming in possession of all the historic records of the campmeeting, we feel tempted to say a few words in reply to the letter of Mr. Seaman. In the first place he has his dates a little mixed. He states something about enjoying the campmeeting away back in 1872. Now the facts are about as follows as we glean them from the historical records: In 1872 Rev. H. C. Northcott who was the real founder of Ruggles Campmeeting, tried to find a suitable location in Robertson county near Mt. Olivet to establish a campmeeting. In this he failed. The following year, 1873, with the late Rev. H. J. Ramsey pastor of Toleboro Circuit and Rev. Northcott as Presiding Elder, an effort was made to find a location in Lewis county. Securing the consent to hold campmeeting near Forman's Springs, two or three miles from the present location, they prepared to hold a campmeeting. At the time drew near for the meetings to begin consent to hold it on the grounds consent was withdrawn. Not to be disappointed in their efforts this year they held the first campmeeting at Canaan church, about one mile from the present camp ground. During the progress of this meeting William Ruggles came forward with an offer to lease the present campground to those in charge. The offer was accepted and in the following year, 1874, the first campmeeting was held on Ruggles Campgrounds. So much for the early history of the organization. Now as to the real effective results. Mr. Seaman seems interested to know why the exact number of conversions were not reported daily and rather infers that the campmeeting is not accomplishing the spiritual results it did in early years. We feel a little timidly in expressing our opinion on this the all-important mission of the campmeeting. But really we do feel that there is as much if not more real constructive work done for the Kingdom of God in these latter years than the earlier years of our attendance at the campmeeting. Referring again to the historic records we note at the conclusions of the account of one campmeeting, "The religious exercises closed without any apparent success. I saw no tears of repentance and no shout of joy". The results of many of the campmeetings were summed up with the declaration that "God's power was manifest in all the meetings." One or two years a large number of conversions were reported.

It seems from the records that the (Northern) Methodists had quite a lot of prejudice to live down in the community at the start. A campmeeting run by the Methodists was looked upon with a great degree of curiosity. Then in those early years when "booze" was so plentiful quite a lot of trouble was had with a lot of rowdyish fellows. It was necessary to have a large police force. Now if we are to estimate Christianity by what it does for a community what better evidence could be given of the good accomplished than this: a few years ago it was necessary to have four or five policemen on the grounds on Sundays. This year we had two, and with nothing to do but walk around and enjoy seeing the crowd like other people. There may not be as much shouting as there used to be and while we believe lots of good people shout for joy in religious meetings, while on the other hand we remember very distinctly of some who shouted loudest doing some very unChristian acts in their own neighborhood. And while it is very true that "Out of the abundance of the heart the mouth speaketh" as it is recorded in Holy Writ, it is nevertheless just as true that "Out of the abundance of the Heart the LIFE speaketh." A true, sincere follower of the lowly Nazarene will not only give expression of his religion in campmeeting services but will so live that his family and neighbors know about it. This being true, and being somewhat familiar with the results of our campmeeting for years we do believe there is a better brand of Christianity produced in these latter days than ever has been. Mr. Seaman refers to the good reports from the children's meetings under Miss Hurd. Right there is one of the great secrets of the change that has come over the modern campmeeting from that of early years. In these days we are giving more attention to the child believing it better to bring him up a Christian than to wait until he has grown old in sin and then take the chances of evangelizing him. Miss

Hurd had many of the little ones definitely come out for Christ and give their names for church membership.

Another thing. Out of a total number of campers near 450 only about 65 were not members of some church. A large portion of these were children. Then too, the campers are made up of people of several denominations some of whom do not express themselves religiously as do the Methodists. One other denomination had nearly a hundred campers on the grounds this year. We welcome all denominations and have them testify to the good the campmeeting does them.

In conclusion may we say that our services are all characterized by the deepest interest. The preaching is of the very highest type of evangelical preaching. The praise services are as full of interest and as many testify as ever; the prayer services are as well attended and there is no lack of men and women, minister and laymen alike, who partake with great zeal and power; short we feel that Ruggles Campmeeting is doing more effective work now than at any time in its history. Those who attended the earlier meetings need have no worry over the success of the campmeeting as long as it is carried on under the present management. The many innovations that have killed the influence of campmeetings in other places have been very wisely let alone by the managers of Ruggles Campmeeting. While steering clear of such the Association has still kept up with the times, making progress and introducing such methods as are safe and will work to the real spiritual good of the thousands who attend from year to year.

If Mr. Seaman is permitted to attend the old campmeeting again we believe he will carry away the impression that what we have said in this article is true. J. H. R.

MOVIE PROGRAM

The program at the Washington and Gem Theaters for next week is announced by the management as follows:

Monday—Hale Hamilton in "After His Own Heart."

Tuesday—Vivian Martin in "Miranda Smiles."

Wednesday—Elridge in "Social Pirato."

Thursday—Elliett Dexter and Anna in "Squaw Man."

Friday—Clara Kimball Young in "House of Grace" and Current Events. Saturday—Gladys Leslie in "Too Many Cooks."

Mr. Thomas Kellum, an expert laundry man, who has been here for the past six months with the Modern Laundry Co., left today for a visit to his family at Denver, Col.

Two more automobile owners were in Police Court this afternoon on charges of operating their machines without the proper lights and were fined \$5 and costs.

Dr. J. Pike Powers, of Knoxville, Tenn., passed through the city Friday evening en route home after a visit with his former parishioners in this section of the state.

It seems from the records that the (Northern) Methodists had quite a lot of prejudice to live down in the community at the start. A campmeeting run by the Methodists was looked upon with a great degree of curiosity. Then in those early years when "booze" was so plentiful quite a lot of trouble was had with a lot of rowdyish fellows. It was necessary to have a large police force. A true, sincere follower of the lowly Nazarene will not only give expression of his religion in campmeeting services but will so live that his family and neighbors know about it. This being true, and being somewhat familiar with the results of our campmeeting for years we do believe there is a better brand of Christianity produced in these latter days than ever has been. Mr. Seaman refers to the good reports from the children's meetings under Miss Hurd. Right there is one of the great secrets of the change that has come over the modern campmeeting from that of early years. In these days we are giving more attention to the child believing it better to bring him up a Christian than to wait until he has grown old in sin and then take the chances of evangelizing him. Miss

Hurd had many of the little ones definitely come out for Christ and give their names for church membership.

Another thing. Out of a total number of campers near 450 only about 65 were not members of some church. A large portion of these were children. Then too, the campers are made up of people of several denominations some of whom do not express themselves religiously as do the Methodists. One other denomination had nearly a hundred campers on the grounds this year. We welcome all denominations and have them testify to the good the campmeeting does them.

In conclusion may we say that our services are all characterized by the deepest interest. The preaching is of the very highest type of evangelical preaching. The praise services are as full of interest and as many testify as ever; the prayer services are as well attended and there is no lack of men and women, minister and laymen alike, who partake with great zeal and power; short we feel that Ruggles Campmeeting is doing more effective work now than at any time in its history. Those who attended the earlier meetings need have no worry over the success of the campmeeting as long as it is carried on under the present management. The many innovations that have killed the influence of campmeetings in other places have been very wisely let alone by the managers of Ruggles Campmeeting. While steering clear of such the Association has still kept up with the times, making progress and introducing such methods as are safe and will work to the real spiritual good of the thousands who attend from year to year.

If Mr. Seaman is permitted to attend the old campmeeting again we believe he will carry away the impression that what we have said in this article is true. J. H. R.

EXTRA BIG FEATURE PICTURES AT PASTIME NEXT WEEK

Monday—Triangle presents Harry

Mustayer in "High Tide".

Tuesday—William Fox presents

Tom Mix in "The Coming of the Law".

a great western play.
